

DP Drop Packer

With Integrated Case Erector

With over 25 years of design and innovation the Combi DP Drop Packer continues to evolve into one of the industry's most reliable and robust case packing machines. Built into the strongest frame and resulting in one of the smallest footprints in the industry is a convenient walk-in case magazine and case erector. Setup and changeovers are simple and fast with our modular, slide-in packing heads and quick-clamp product lane guides. A recent feature is our custom programmed "States Screens" displayed on the operator interface which offer quick diagnostics and provide feedback on productivity. Troubleshooting is reduced to mere seconds and production can be monitored by product, operator or shift with this Combi designed software.

Quick clamp lane guides and numbered scales and crank adjustments enhance quick changeovers

Modular slide in packing heads provide the flexibility to pack multiple products on the same line.

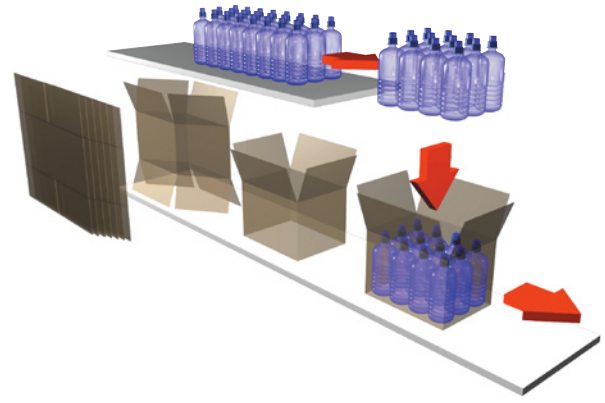

Adjustable, heavy duty case lift minimizes product drop distance.

DP Drop Packer

Standard Features:

- Integrated Case Erector
- One Piece Tubular Welded Frame
- Stainless Steel Contact Points
- Guarding Package with Electrical Interlocks
- Allen Bradley Electrical PLC Control Package
- Standard One Set of Change Parts
- Soft Drop Case Lift Protects Fragile Product
- Vacuum blowoff Prevents Corrugated Dust Build Up
- Right or Left Hand Execution
- 240v / 3 phase / 20A Electrical Service

Refer to our DP Pull Nose Product Sheet for packing and shingling flexible products

Optional Features:

- Multi-Lane Diverter to index product from one lane up to 8 individual lanes.
- Pack Patterns from 2 x 1 to 12 x 8
- Soft Drop Lowerator Assembly with either Vacuum or Mechanical Gripper Pick Up and Support Structure
- Portable Packing Head Cart to assist with "No Lift" removal, transport and storage of change parts.

Model	Case Size Min (LxWxH)	Case Size Max (LxWxH)	Speed: CPM*	Standard Case Discharge
DP / E1000	4½ x 4" x 5" 114x102x127mm	11 x 10 x 18" 279x254x457mm	17	16"
DP / E2000	8½ x 4¾ x 4" 216x121x102mm	15½ x 12¼ x 18" 394x311x457mm	15	18"
DP / E2500	8½ x 4¾ x 4" 216x121x102mm	19 x 13½ x 18" 483x343x457mm	12	18"
DP / E3000	13 x 7¾ x 6" 330x197x152mm	23 x 16 x 18" 584x406x457mm	10	18"

* System speeds vary depending on product, pack patterns and case size
