

Why Shorr

for Clean Room and Laboratory Solutions?

Full Service Packaging Distributor

Shorr Packaging is an industry-leading, award-winning distributor of packaging products, equipment, and services. We represent a wide-reaching network of best-known packaging product manufacturers and brands in the industry and are one of the largest independent packaging distributors in the nation.

Why Shorr for Clean Room and Laboratory Solutions?

At Shorr, we understand that healthcare packaging is about much more than just transporting items to end users. Our healthcare packaging solutions are designed to meet your requirements: everything from contamination prevention to climate control to compliance with strict federal regulations.

Clean room packaging products are a crucial component within healthcare in order to ensure pharmaceutical and medical device products remain clear of contamination during production. Healthcare laboratories require specialized products to maintain secure testing specimens and results. Shorr is with you the whole way in providing the proper packaging materials in order to maintain the quality and security your operations and customers expect.

Solutions for Healthcare Applications

Sterile Barrier: Our packaging solutions provide the appropriate barrier, ensuring the integrity of your sensitive products.

Customizable: From various sizes to specialized materials, we offer a range of customized options to meet the unique requirements of your operations.

Ease of use: Designed for practicality, our solutions are easy to use and facilitate within your clean room or laboratory settings.

Compliance: Our products adhere to the industry regulations in order to meet clean room and laboratory standards.
