Nasal

Nasal steroids, lubricants, and antihistamines

Diagnostics

Respiratory diseases, COPD, cystic fibrosis, and more

And More

Generic drugs, logistics, and nutraceuticals

Sustainability Key Considerations

- **Reduce:** Our packaging specialists can assist in cutting volume and finding more minimalist packaging to eliminate excess resources and waste, decrease transportation emissions, and reduce costs.
- **Recycle:** Shorr can help you find and test recyclable, reusable, or compostable packaging and products that use recycled content that meet or exceed your requirements.
- **Innovate:** Let us help you leverage smart and efficient designs made to fit and protect the product while optimizing material usage.
- **Educate:** Shorr can help you find the best solution to clearly label and provide instructions regarding proper disposal methods, regulatory compliance, and the package's sustainability story.
- **Certify:** We can share insights and learnings in pursuing third-party certifications to promote transparency, adherence to recognized standards, and encourage trust and credibility among end-users.
